Event Sponsorship and Fundraising Tom Lunt, Eva Nicotra, 2018-11-03
Securing sponsorship and other sources of funding for events is becoming increasingly competitive, making differentiation and delivery vital. *Event Sponsorship and Fundraising* explores this complex area of event management, drawing on both experiential marketing and consumer behaviour theories, and developing critical insights on the dynamics of successful event sponsorship. Its coverage includes professional guidance on prospecting for sponsors, brand activation and evaluation, as well as advice on relationship management, proposal writing and pitching to potential sponsors. *Event Sponsorship and Fundraising* places each of these concepts at the heart of the Integrated Marketing Communications Mix, alongside cutting edge literature on the topic. Written by two highly experienced industry practitioners, both of which now teach on two of the UK's leading event management degree courses, and supported by a comprehensive set of online resources, this book is an invaluable go-to resource for event management students, tutors and professionals alike.

Event Sponsorship Ian McDonnell, Malcolm Moir, 2013
This introduction to *Event Sponsorship* provides students with an essential understanding of the important role of sponsorship in an event, how this can be gained and successfully managed to the benefit of both the sponsor and sponsee. The text starts with an investigation of the origins of sponsorship and then considers all important elements of Events sponsorship management. It considers what sponsorship is, its history and evolution, what its marketing uses are, how it can be used efficiently; the benefits it can bring to an event; and how its results can be measured. It also considers other funding sources for events including government grants, crowd source funding and

merchandising. To reflect changes in the way firms communicate with their customers, there is a strong focus on the use of social media, e marketing and technology in sponsorship. The text uniquely considers topics of sponsorship from perspective of both the sponsor and the sponsee (the event) to provide a holistic view of the sponsorship process. Case Studies are integrated throughout to show how both small and large scale events have successfully gained and used sponsorship as well as potential pitfalls to avoid. Learning outcomes, discussion questions and further reading suggestions are included to aid navigation throughout the book, spur critical thinking and further students knowledge. This is essential reading for all students studying Events Management.

Money for the Cause Rudolph A. Rosen, 2012-09-10 There has never been a greater need for raising the funds necessary to promote the causes that will help build a sustainable future. In *Money for the Cause: A Complete Guide to Event Fundraising*, veteran nonprofit executive director Rudolph A. Rosen lays out field-tested approaches that have been among those that helped him and the teams of volunteers and professionals he has worked with raise more than \$3 billion for environmental conservation. As Rosen explains, fundraising events can range from elite, black-tie affairs in large cities to basement banquets and backyard barbeques in small-town America. *Money for the Cause* runs the gamut, demonstrating methods adaptable to most situations and illustrating both basic and advanced techniques that can be duplicated by everyone from novice volunteers to experienced event planners. Each chapter begins with a pertinent, real-life anecdote and focuses on major areas of event fundraising: business plans and budgets, raffles and auctions, tax and liability matters, contract negotiation, games and prizes, site selection, food service, entertainment, publicity, mission promotion, food and drink service, and effective team building and use of volunteers. The author applies each topic to the widest possible range of events, providing practical detail and giving multiple examples to cover the differences in types of organizations and their fundraising activities. Whatever the funding objective may be, *Money for the Cause: A Complete Guide to Event Fundraising* is both a textbook and a practical reference that will be indispensable to anyone involved in mission-driven organizations, whether as a volunteer, a professional, a student, or an educator. Influence of funding on advances in librarianship Danuta A. Nitecki, Eileen G. Abels, 2008-12-05 Addresses the influence of research funding on advances in libraries and librarianship from two perspectives: funding agents and specific initiatives.

Donor-Advised Funds Bruce R. Hopkins,2020-06-12 Donor-Advised Funds: Law and Policy By: Bruce R. Hopkins Donor-Advised Funds: Law and Policy summarizes the extensive body of law and explores the many policy issues surrounding the nation's hottest charitable giving vehicle and strategy: the donor-advised fund. The book provides a detailed explanation of the workings of these funds, the support and opposition they are generating (the latter, so far, predominating), and the new spurt in attempts by the federal government to regulate them. The history of donor-advised funds is recounted, including the role of community foundations, the emergence of private foundations, the impact of the 1969 tax reform legislation, and the legislation in 2006 that created the statutory basis for these funds. The book includes analyses of developments in the evolution of donor-advised funds, including studies, significant publications, and litigation. A complete statistical analysis of the donor-advised fund universe is provided.
