**The 5AM Club** Robin Sharma,2018-12-04 Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. **Robert's Rules of Order Newly Revised, 12th edition** Henry M. Robert III,Daniel H. Honemann,Thomas J. Balch,2020-08-25 The only current authorized edition of the classic work on parliamentary procedure--now in a new updated edition Robert's Rules of Order is the recognized guide to smooth, orderly, and fairly conducted meetings. This 12th edition is the only current manual to have been maintained and updated since 1876 under the continuing program established by

General Henry M. Robert himself. As indispensable now as the original edition was more than a century ago, Robert's Rules of Order Newly Revised is the acknowledged gold standard for meeting rules. New and enhanced features of this edition include: Section-based paragraph numbering to facilitate cross-references and e-book compatibility Expanded appendix of charts, tables, and lists Helpful summary explanations about postponing a motion, reconsidering a vote, making and enforcing points of order and appeals, and newly expanded procedures for filling blanks New provisions regarding debate on nominations, reopening nominations, and completing an election after its scheduled time Dozens more clarifications, additions, and refinements to improve the presentation of existing rules, incorporate new interpretations, and address common inquiries Coinciding with publication of the 12th edition, the authors of this manual have once again published an updated (3rd) edition of Robert's Rules of Order Newly Revised In Brief, a simple and concise introductory guide cross-referenced to it.

**Container Carrier's Liability in International Multimodal Transport** Jia Jia, 2023-08-28 International multimodal transport has been developed rapidly in recent 50 years and the worldwide use of containers made a valuable contribution. There are various effective international conventions for different modes of transport and this monograph focuses on the fundamental parts of the international multimodal transport, container carrier's liability regime. The central research question is has the current liability regime provided a sufficient framework for container carriers in international multimodal transport? The question can be divided into three issues. Firstly, how wide should the scope of application of the international unimodal conventions be to cover the period of liability of container carrier in international multimodal transport? Secondly, do the existing conventions provide a proper and satisfactory framework to govern container carrier's liability? Thirdly, if not, what solutions can be adopted? In order to answer the above questions, the novelty of this monograph lies on experiences gained from recent case law in relation to container transport. This monograph does not only discover problems in the existing legal system but also provides feasible suggestions for container carrier's liability regime based on the Rotterdam Rules.

*Civilized Rebels* Dennis Smith, 2018-05-16 Civilized Rebels compares in depth four very well-known literary and political figures, who all opposed arrogant regimes and became prisoners. Through comparative biographies of Oscar Wilde, Jean Améry, Nelson Mandela and Aung San Suu Kyi, it explores the long-term process of the retreat of the West from global power since the late nineteenth century, relating this to the decline and fall of the British Empire and the trauma surrounding

Brexit. Drawing on rich empirical materials to examine themes of forced displacement, war, poverty, imprisonment and the threat of humiliation, the book reveals how these highly civilized rebels penetrated their opponents' mind-sets, while also providing a sophisticated analysis of how their struggles fitted into the larger world picture. Methodologically and theoretically innovative, and written in a lively and accessible style, *Civilized Rebels* will appeal to scholars across a range of disciplines, with interests in globalization, historical international relations, postcolonial and subaltern studies, comparative biographical studies, European studies, the sociology of emotions and historical sociology.

**Switch** Chip Heath,Dan Heath,2010-02-16 Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

**State of Threat** Wil Hovard,Deidre Ann McDonald,2023-11-16 Increasing US&- China tensions, Russia' s invasion of Ukraine, disruptions to supply chains and maritime trade, right-wing extremism, gangs and the drug trade . . . **The Birth Certificate** Susan J. Pearson, 2021-10-27 For many Americans, the birth certificate is a mundane piece of paper, unearthed from deep storage when applying for a driver's license, verifying information for new employers, or claiming state and federal benefits. Yet as Donald Trump and his fellow birthers reminded us when they claimed that Barack Obama wasn't an American citizen, it plays a central role in determining identity and citizenship. In *The Birth Certificate: An American History*, award-winning historian Susan J. Pearson traces the document's two-hundred-year history to explain when, how, and why birth certificates came to matter so much in the United States. Deftly weaving together social, political, and legal history, *The Birth Certificate* is a fascinating biography of a piece of paper that grounds our understanding of how those who live in the United States are considered Americans.
