Course Guide for Essentials of Anatomy and Physiology Jason LaPres, Beth Kersten, 2022 Eighth Edition is designed for students who are enrolled in a one-semester course in human anatomy and physiology. The scope, organization, writing style, depth of presentation, and pedagogical aspects of the text have been tailored to meet the needs of students preparing for a career in one of the allied health professions, or taking the course as a general education requirement. The eighth edition has been substantially enhanced and improved. Added a Careers In section at the start of every chapter to show students how the chapter content relates to careers in the real world. Approximately 20 figures and tables were revised or are completely new. Revised descriptive language to improve the overall readability of the text. Terminology and phrasing more commonly used by students outside the classroom have been added where appropriate. By making the text easier to read, students will have an easier time grasping more complex anatomical and physiological content. Added the course guide of the 8th edition back into the lecture text to facilitate easier student use and completion. Updated terminology to align with the Terminologia Anatomica, Terminologia Histologica, and Terminologia Embryologica--

Filiz Muharrem, Ohio State University I loved the immediate response to homework problems and exams. I was able to find out what errors I had made, and go back to the chapters to research why I made the error. It made my learning much easier! Theresa Klicker, University of Maryland, University College Everything I needed was just a click away...that's how fast and simple it was. If I needed immediate help and I didn't understand a concept, it told me where to look. Caroline Cho, University of Texas-Austin I felt WileyPLUS was a useful tool in understanding the chapters/problems. The link-to-text tool was very resourceful when solving the homework problems. Michael Geisheimer, Kean University I was quite impressed with WileyPLUS. It was nice to be able to see what I did wrong and have more than one chance to answer a problem. Melinda Beach, Washburn University
