

Therapeutic Recreation

Terry Long, Terry Robertson

Foundations of Therapeutic Recreation Terry Long, Terry Robertson, 2019-01-31 Foundations of Therapeutic Recreation, Second Edition, introduces students to the many career possibilities in the field of therapeutic recreation. Drawing on the combined wisdom and expertise of editors Terry Long and Terry Robertson, as well as 20 contributing authors who represent a broad spectrum of experiences within the discipline, the text provides the foundational concepts that are essential for understanding the profession. One of the more significant updates to the second edition of Foundations of Therapeutic Recreation is a more contemporary description of models of practice, including significant attention to strength-based models and approaches to practice. In addition, the second edition has been updated to reflect current National Council for Therapeutic Recreation Certification (NCTRC) requirements for obtaining the Certified Therapeutic Recreation Specialist (CTRS) credential. Other updates to this edition include the following: Integration of more global perspectives on therapeutic recreation Greater emphasis of evidence-based practice for designing and delivering enjoyable and beneficial therapeutic recreation interventions Streamlined content and reorganized chapters to facilitate a natural progression throughout the semester Each chapter contains a summary and discussion questions to help assess and promote retention of key concepts. In addition, case studies provide students with a glimpse of client issues they may face in the future, and professional profiles highlight outstanding professionals in the field. Students will discover potential areas in which therapeutic recreation can be practiced—including mental health centers, programs for those with developmental disabilities, physical rehabilitation facilities, youth development programs, and programs for the aging population—and will also be exposed to potential changes and uses of therapeutic recreation as technology innovations, public policy, and service demand trends evolve. Plus, instructors will find a suite of ancillaries to assist in managing their course. The instructor guide includes learning objectives for each chapter along with sample classroom activities and assignments. The test bank has been expanded, and the presentation package has undergone significant revisions to reflect the content of the text. Foundations of Therapeutic Recreation, Second Edition, provides students with evidence-based information on fundamental concepts in the field of therapeutic recreation. With a reader-friendly format and engaging style, this text will help students explore the various career possibilities in the field.

Therapeutic Recreation Processes & Techniques David R. Austin, 2013 This 7th edition has been extensively updated and

revised in order to offer a sound knowledge base, current techniques, and the latest evidence upon which to base practice. In fact, the subtitle, Evidence-Based Recreational Therapy, has been added to emphasise the importance of evidence-based practice in recreational therapy. Today recreational therapists must possess a broad knowledge base that offers them a foundation for practice. This book explores how to practice recreational therapy yet provides theoretical and empirical evidence to support practice.

Therapeutic Recreation in Health Promotion and Rehabilitation John Shank, Catherine Coyle, 2002 This new text is the most comprehensive and detailed explanation of therapeutic recreation clinical practice yet. Clinical practice--a systematic and intentional process of facilitating change--is placed in the most current context of health promotion and disease prevention. This text provides a comprehensive, detailed explanation of TR clinical practice and is suitable for use across several courses. This book will be a valuable resource for educators, practitioners, and students.

Therapeutic Recreation Barbara Cathryn Wilhite, M. Jean Keller, 2000 Using actual case studies this text focuses on situations where therapeutic recreation specialists are challenged to translate principles and theories into practice and application. The practice exercises that are included provide an environment to test ideas, evaluate decisions, and compare outcomes.

Therapeutic Recreation Processes and Techniques, 8th Ed DAVID R. AUSTIN, 2018-08-02 An extensive and up-to-date treatment on the topic of recreational therapy, the eighth edition of *Therapeutic Recreation Processes and Techniques: Evidence-Based Recreational Therapy* continues to focus on the practice of recreational therapy, with a philosophy of practice that has been consistent since the first edition in 1982. Like prior editions, this new edition attempts to offer a theory-based, evidence-based, client-centered approach to practice, offering many new references and an expanded discussion of facilitation techniques. This edition also emphasizes aspects of practice rated as critical in recreational therapy and offers information on recreational therapy topics such as the helping relationship, leadership, communication skills, and clinical supervision.

Therapeutic Recreation Marcia Jean Carter, Glen E. Van Andel, 2019-06-17 For over 35 years, *Therapeutic Recreation: A Practical Approach* has provided an authoritative and engaging introduction to the field of therapeutic recreation. The Fifth Edition of Carter and Van Andel's well-regarded text extends this tradition of excellence, equipping a new generation of students with the theoretical foundations and practical methods they need to become successful practitioners. The authors present the fundamentals of recreational therapy practice from the perspective of a 21st-century health and human service profession: emphasizing evidenced-based practices and documented outcomes, supporting individual and community assets, promoting fiscal responsibility, and utilizing a strengths-based approach that focuses on an individual's capacities when developing a strategy to improve health status, quality of life, and functional abilities. Updates throughout reflect recent

scholarship, revised standards and operational definitions, evidence-based literature to support interventions, and global health concerns. The critical component of documentation has been added to discussions of the APIE-D process, while chapters on neurodevelopmental disorders and behavioral and mental health issues incorporate the terminology and organization of the DSM-5. The latest edition also features expanded treatment of social issues and the adult-onset, chronic, and lifelong illnesses and disabilities associated with aging. This full-featured edition retains the student-oriented approach that makes it an ideal text for introductory courses. Illustrations, case studies, key terms, study questions, and practical exercises reinforce key concepts and offer opportunities to apply chapter content, while abundant field-based photographs illuminate the practice of recreational therapy.

The Therapeutic Recreation Program of the Clinical Center, NIH. National Institutes of Health (U.S.),1977

Therapeutic Recreation David R. Austin,2009 This book presents a comprehensive, evidence-based approach to therapeutic recreation. The book addresses the actual practice of TR using practical examples and learning exercises, the book covers examples in both theory and implications, and is a great resource for students and practitioners alike.

Conceptual Foundations for Therapeutic Recreation David R. Austin,John Dattilo,Bryan P. McCormick,2002 This book provides empirically based theoretical perspectives on key concepts, timely topics, practical professional information, historical and philosophical perspectives from leaders in therapeutic recreation, and insight into leaders who helped advance the profession. Concepts and topics include coverage of conceptual models, behavior modification, social support, self-determination and enjoyment, control, the therapeutic relationship, therapeutic outdoor programming, cultural competence, evidence-based practice, and healthcare in America, therapeutic recreation education, training in physical activity, making presentations, attending conferences, and professionalism.

Foundations of Therapeutic Recreation Terry Long,Terry Robertson,2019-01-07 Through Foundations of Therapeutic Recreation, students will be able to achieve these objectives: -Gain a 21st-century vision of the profession provided by leading thinkers in the field -Learn the attributes and skills they need in order to thrive in various career paths in the profession - Interact through the text, technology, and media responses to more thoroughly understand the field and profession Foundations of Therapeutic Recreation provides readers with a comprehensive introduction to the profession. The book draws on the combined wisdom, experience, and technical expertise of 23 professors and leaders in the field. From these contributors, readers gain access to diverse perceptions, philosophies, and practices for therapeutic recreation in the 21st century. The book showcases how the profession addresses various clients' needs throughout the life span through therapeutic programs, modalities, and activities. It also -presents a wide range of applications, allowing readers to explore their personal and professional options; -provides insight into the basic knowledge, attributes, and skills students need in order to thrive in the field; and -delineates career paths in the profession and how a therapeutic recreation specialist works

with various populations. Edited by Dr. Terry Robertson and Dr. Terry Long, *Foundations of Therapeutic Recreation* has a comprehensive vision. The contributors present the broad scope of therapeutic recreation as research and practice across a diverse demographic of clients and consumers. The contributing authors explore various perspectives on therapeutic recreation and present standards and certification information that prepare students for the profession. Part I defines therapeutic recreation as a profession and provides an overview of its history and of the professional opportunities available. Part I also explores the profession's person-first philosophy and outlines the therapeutic recreation process as well as its models and modalities of practice and its allied professions. Part II delves into trends and issues, looking at demographics, economics, politics, and legislation as they affect the profession. It details international issues and paradoxes and concludes with future perspectives. Part III examines mechanisms for intervention from a number of perspectives, including orthopedic and neurological impairment, developmental disabilities, mental health, youth development, aging, and wellness. *Foundations of Therapeutic Recreation* contains chapter discussion questions to expand students' learning as well as Outstanding Professionals and Client Portraits sections to help students gain insight into various career paths. The book is accompanied by an instructor guide, PowerPoint presentations, and a test package available via the text's Web site to support the classroom instruction and enhance learning. The entire package gives students a solid grounding in the profession as it is today and a clear understanding of where the profession is headed tomorrow.

Therapeutic Recreation Leadership and Programming Robin Ann Kunstler, Frances Stavola Daly, 2010 *Therapeutic Recreation Leadership and Programming* arms students with the information they need to succeed as therapeutic recreation specialists. They'll learn the practical aspects of the profession and develop a leadership mind-set. The book focuses on day-to-day tasks of the TRS and integrates ethical considerations into each aspect of the job.

Professional Issues in Therapeutic Recreation Norma J. Stumbo, 2009 The second edition of *Professional Issues in Therapeutic Recreation: On Competence and Outcomes* is greatly expanded to include a wider variety of introductory materials and updates on current professional issues. The second edition represents a timely review of the state of affairs in the profession of therapeutic recreation. This book contains four sections. Section I, Introduction, includes: (1) On Competencies and Outcomes in Therapeutic Recreation (Norma J. Stumbo); (2) *tr* Past, Present, and Future: a Historical Analysis of Issues in Therapeutic Recreation (Kari Kensinger); (3) World Demographics and Their Implications for Therapeutic Recreation (Rebecca Genoe and Jerome Singleton); (4) The Role of the International Classification of Functioning, Disability, and Health (ifc) in Therapeutic Recreation Practice, Research, and Education (Marieke Van Puymbroeck, Heather R. Porter, Bryan P. McCormick, and Jerome Singleton); (5) Multicultural Diversity and Competence in Therapeutic Recreation (Charlsena F. Stone); and (6) International Perspectives of Therapeutic Recreation (Heewon Yang and Marjorie J. Malkin). Section ii, Education Issues, includes: (7) Keynote: Perspectives on Therapeutic Recreation

Education (Nancy H. Navar); (8) Profile of Undergraduate and Graduate Therapeutic Recreation Curricula (Norma J. Stumbo); (9) Accreditation: The Quest for Educational Quality (Marcia Jean Carter and Ramon B. Zabriskie); (10) Reconciling Different Professional Expectations of Student Internship (Peggy Holmes-Layman and John Henry Pommier); (11) Perspective: The Value of Support Courses and Fieldwork in the Therapeutic Recreation Curricula (Jean E. Folkerth); and (12) Perspective: Curricular Standardization in Therapeutic Recreation: Professional and University Implications (Jeffrey P. Witman, Walter B. (Terry) Kinney, Janet R. Sable, and Judy S. Kinney). Section iii, Practice Issues, includes: (13) Keynote: Therapeutic Recreation Practice: Art, Science, or Magic? (Sharon Nichols); (14) Therapeutic Recreation Practice Models (Jo-ellen Ross and Candace Ashton-Shaefer); (15) Integrating Evidence into Recreational Therapy Practice: An Important Focus for the Profession (Ray E. West); (16) Clinical Practice Guidelines: a Decision-Making Tool for Best Practice? (Nancy E. Richeson, Suzanne Fitzsimmons, and Linda L. Buettner); (17) Issues and Concerns in Therapeutic Recreation Assessment (Norma J. Stumbo); (18) Ethics and the ctrs (Sharon Nichols and Mary Ann Keogh Hoss); (19) Reimbursement: Surviving Prospective Payment as a Recreational Therapy Practitioner (G.T. Thompson); (20) Legislative and Regulatory Issues in Therapeutic Recreation (John W. Shank); (21) Certification and Licensure: Recognition and Oversight of the Profession (Peg Connolly); (22) Walking the Tightrope, Juggling, and Slow Dancing: Metaphors for Building Effective Therapeutic Relationships (Susan L. Hutchinson); (23) Higher Education and Healthcare: Parallel Issues of Quality, Cost, and Access (Norma J. Stumbo and Mary Ann Keogh Hoss); and (24) Perspective: Facilitating the Transition from Student to Professional Through Internship (Charles W. Bloom). Section iv, Research Issues, includes: (25) Keynote: Status of Therapeutic Recreation Research (Leandra A. Bedini); (26) The Role of Theory in Therapeutic Recreation: a Practical Approach (Linda Caldwell); (27) Methods for Outcome Research in Therapeutic Recreation (Mark A. Widmer and Neil R. Lundberg); (28) Research into Practice: Building Knowing through Empirical Practice (Bryan P. McCormick, Youngkhill Lee, and Marieke Van Puymbroeck); and (29) Perspective: Clinical Research: Methods and Mandates (George Patrick). An index is included.

Lessons Learned David R. Austin, 2010 This book provides a personalised approach and a fresh, bold guide for students and practitioners in recreational therapy. This thought-provoking, inspiring, and accessible text will help the next generation of recreational therapists to find purpose, meaning, and fulfilment in their own lives and to bring health and happiness to their clients. Sections include: Understanding Recreational Therapy, Approaches to Recreational Therapy, Conceptual Foundations of Recreational Therapy, Working with Groups, The Recreational Therapist, Techniques for Recreational Therapists, Social Psychology and Recreational Therapy, and What to Do and Not Do as a Recreational Therapist.

Management Functions in Recreational Therapy David R. Austin, Bryan P. McCormick, Marieke Van Puymbroeck, 2016-07-01 This book provides students and practitioners with perspectives on the management of recreational therapy heretofore unavailable to them. Many of the management concepts apply to middle level managers, but the focus of

the book is on first-line recreational therapy managers and the areas of management identified by the National Council on Therapeutic Recreation Certification (NCTRC). In-depth coverage is given to the five basic functions of management: planning, organization, staffing, influencing, and controlling. In addition, chapters are provided on key concepts integral to the management of recreational therapy programs. Included are chapters on internship supervision, clinical supervision, volunteer management, and managing marketing. The final chapter, Issues and Concerns for Managers, is unique in that it contains areas of substantial importance to managers that have received little attention in the recreational therapy literature. The format for the book is readable and easy to follow. Each chapter lists objectives for the chapter, gives definitions of key terms used within the chapter, and ends with a conclusion or summary of the chapter.

Coverage of Recreational Therapy Tim Passmore, Dawn R. De Vries, Thea Kavanaugh, Kristen Fedesco, 2016

Therapeutic Recreation Marcia Jean Carter, Glen E. Van Andel, Gary M. Robb, 1995 This second edition offers a comprehensive, practical, & student-oriented overview of therapeutic recreation as a profession & as a career choice.

Therapeutic Recreation Service Richard G. Kraus, 1988-02

Standards of Practice for Therapeutic Recreation Service, 1981

Therapeutic Recreation and the Nature of Disabilities Kenneth Edward Mobily, Richard D. MacNeil, 2002 This book explores the wide range of illnesses, conditions, and disorders that therapeutic recreation specialists (TRSs) commonly encounter as they provide professional services. While it is impossible to include every disorder to which TRSs may be exposed, the authors have drawn from their combined 40 years of professional experience to select the conditions and disorders most relevant to the therapeutic recreation profession.
