David Yarrow Photography David Yarrow, 2019-10-01 The must-have photography monograph of the year, this lavish oversized volume celebrates David Yarrow's unparalleled wildlife imagery. For more than two decades, legendary British photographer David Yarrow has been putting himself in harm's way to capture immersive and evocative photography of the world's most revered and endangered species. With his images heightening awareness of those species and also raising huge sums for charity and conservation, he is one of the most relevant photographers in the world today. Featuring Yarrow's 150 most iconic photographs, this book offers a truly unmatched view of some of the world's most compelling animals. The collection of stunning images, paired with Yarrow's first-person contextual narrative, offers insight into a man who will not accept second best in his relentless pursuit of excellence. *David Yarrow Photography* offers a balanced retrospective of his spectacular work in the wild and his staged storytelling work, which has earned him wide acclaim in the fine-art market. Yarrow rarely just takes pictures—he almost always makes them. This approach sets him apart from others in the field. Yarrow's work will awaken our collective conscience, and—true to form—he plans to donate all the royalties from this book to conservation.

Wild Encounters David Yarrow, 2016-10-25 From big cats to elephants and indigenous communities, *Wild Encounters* is a must-have for nature lovers, conservationists, and anyone who is inspired by all that remains wild. David Yarrow travels from pole to pole and continent to continent to visit frozen Arctic tundras, vast African deserts, primordial rain forests, and remote villages, inviting us to truly connect with subjects we mistakenly think we have seen before. Yarrow takes the familiar—lions, elephants, tigers, polar bears—and makes it new again by creating iconic images that deliberately connect with us at a highly emotional level. For more than two decades, this legendary wildlife photographer has been putting himself in harm's way to capture the most unbelievable close-up animal photography, amassing an incomparable photographic portfolio, spanning six continents. Driven by a passion for sharing and preserving Earth's last great wild cultures and species, Yarrow is as much a conservationist as a photographer and artist. His work has transcended wildlife photography and is now collected and shown as fine art in some of the most famed galleries around the world. Featuring 160 of his most breathtaking photographs, *Wild Encounters* offers a truly intimate view of some of the world's most compelling—and threatened—species and captures the splendor and very soul of what remains wild and free in our world through portraits that feel close enough.

Dogs on the Trail Blair Braverman, Quince Mountain, 2021-10-26 A delightful photographic journey into a year in the life of a team of sled dogs, based on Braverman's wildly popular Twitter feed When Blair Braverman started posting pictures of her dog team on Twitter, she had no idea the response she would get. Being a musher, after all, isn't just about racing—raising dogs from puppyhood to retirement (and beyond) is a full-time job. She and her husband, musher Quince Mountain, wanted to share stories about life with their dog team. And not just the big stuff, like expeditions and wild animal encounters, but also the everyday things: the challenge of storing a thousand pounds of raw meat, scouting new trails with the dogs, the decisions that go into putting a team together, how she trains puppies to be brave. These were goofy stories, scary stories, heartfelt stories, stories that clearly connected with people and kept going viral. Inspired by those connections, *Dogs on the Trail* is a chronicle of a year in the life of their dog team. Beginning in the fall as the weather starts to cool, training on both dry land and in the snow, then camping and racing. Spring brings mud—lousy for sledding, but the dogs love it. And summer is the season of puppies. The book ends on a beginning, in anticipation of the adventurous lives that the new pups have in store. An irresistible adventure, *Dogs on the Trail* will delight and entertain while taking you inside a musher's world, and showing you why the wilderness isn't simply a place to visit but also a home to return to.

Calgary Through the Eyes of Writers Shaun Hunter, 2018 A literary journey around Calgary as seen through the eyes of writers, from its frontier beginnings to today's contemporary city. Shaun Hunter tours readers and urban explorers through a place that has captivated writers since 1792. She has selected excerpts from over 150 novels, stories, poems and essays that sing the city's human and natural terrain, plumb its past, and question its prevailing mythologies. Writers take us beyond the city's familiar stereotypes of cowboys and oil barons and reveal Calgary's multiple worlds and its interiors. They explore the city's perpetual motion of extreme, unpredictable weather and a boom-and-bust economy. Through writers' eyes, we travel into the inner sanctums of the oil patch, and see the layers of the world-famous Calgary Stampede. Coming-of-age stories show the way this place shapes identity; poems and prose tease meaning and metaphor from a city perched on the dynamic edge of prairie and foothills. Alongside each excerpt, Hunter presents delightful and informative connections between place and story. A timeline anchors the passages and marks significant moments in its literary history. Maps and an index invite readers to find their own trails through a complex and storied city.
