What the Eyes Don't See Mona Hanna-Attisha, 2018-06-19 A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. “Stirring . . . [a] blueprint for all those who believe . . . that ‘the world . . . should be full of people raising their voices.’”—The New York Times “Revealing, with the gripping intrigue of a Grisham thriller.” —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don't See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. *What the Eyes Don't See* is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for *What the Eyes Don't See* “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.”—Erin Brockovich “A clarion call to live a life of purpose.”—The Washington Post “Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.”—The New York Times Book Review “Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . ‘Flint will not be defined by this crisis,’ vows Ms. Hanna-Attisha.”—The Economist “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case.”—Rachel Maddow

University of Maryland Jason G. Speck, 2010 On March 6, 1856, the State of Maryland granted a charter for the creation of Maryland Agricultural College. Opening its doors to 34 eager young men in 1859, the college survived a disastrous fire in 1912 to become the University of Maryland in 1920. Today the school is a top-ranked, public research land-grant university with over 100 undergraduate majors, 120 graduate programs, and 35,000 students. Campus History Series: University of Maryland honors the history of the university and all who have contributed to its progress: faculty, staff, students, and

alumni. From its earliest years, their labors and love for the institution have led to the creation of an intellectually vibrant and culturally diverse university that serves proudly as the flagship campus of the University System of Maryland. Images from the University of Maryland Archives and other campus sources, many never before published, illustrate the University of Maryland's rise from a cow college to an internationally recognized academic, artistic, and athletic powerhouse in the 21st century.
