The Ontario Business Registration Guide - How to Register a Business in Toronto / Ontario, Canada Benjamin Lasher, CA, 2012-11-12 Congratulations on picking up this book and taking time to educate yourself about one of the most liberating and rewarding steps you are about to take. My name is Benjamin Lashar. I am a Canadian who moved to the USA 25 years ago to pursue a successful corporate career. But the global economic crisis of 2008 forced my employer to lay me off. I took a nice severance offer and moved back to Canada with my wife and children to be close to our family. After a year relaxing and contemplating next steps, I started a business in Ontario that has grown successfully over the last few years. Since then I have registered more businesses as well as helped others in my family and friends circle do the same. I've learned a lot about the business registration process over the last several years, and I have written this book to help you understand the implications of registering a business in Ontario, as well as how to go about doing so. This book also serves as an efficient way to respond to some of the most common questions I received about the process. Rather than respond individually, it is my hope that this book reaches far more than whom I can reach personally and help everyone searching for this information. As an entrepreneur and successful multi business owner, I hope you will find this information helpful and actionable so that you too can take advantage of it immediately. I wish you all the best Ben Lashar

The Administration of Voter Registration Thessalia Merivaki, 2020-09-17 This book examines the dynamics behind shifts

in voter registration rates across the states and adopts a framework of collaborative governance with election administration at its center. The book starts by introducing readers to the “voter registration gap,” an aggregate measure of variance in voter registration, and demonstrates how it fluctuates between federal elections. To explain why this variance exists, the author examines the relationship between federal reforms, such as the National Voter Registration Act (NVRA) and the Help America Vote Act; and state-level reforms, such as Online Voter Registration. Thessalia Merivaki argues that the weak relationship between the two is not surprising, since it hides dramatic variations in administrative practices at the local level, which take place in shorter intervals than the most frequently used two-year estimates. In closing, she shows that challenges to successfully registering to vote persist, largely because of how, when, and where eligible citizens have to register.
