The Uses of Photography Jill Dawsey, Pamela M. Lee, Benjamin Young, Judith Rodenbeck, David Antin, 2016-09-21 The Uses of Photography examines a network of artists who were active in Southern California between the late 1960s and early 1980s and whose experiments with photography opened the medium to a profusion of new strategies and subjects. These artists introduced urgent social issues and themes of everyday life into the seemingly neutral territory of conceptual art, through photographic works that took on hybrid forms, from books and postcards to video and text-and-image installations. Tracing a crucial history of photoconceptual practice, The Uses of Photography focuses on an artistic community that formed in and around the young University of California San Diego, founded in 1960, and its visual arts department, founded in 1967. Artists such as Eleanor Antin, Allan Kaprow, Fred Lonidier, Martha Rosler, Allan Sekula, and Carrie Mae Weems employed photography and its expanded forms as a means to dismantle modernist autonomy, to contest notions of photographic truth, and to engage in political critique. The work of these artists shaped emergent accounts of postmodernism in the visual arts and their influence is felt throughout the global contemporary art world today. Contributors include David Antin, Pamela M. Lee, Judith Rodenbeck, and Benjamin J. Young. Published in association with the Museum of Contemporary Art San Diego. Star Trek: 50 Artists 50 Years Titan Books, 2016-09-06 To coincide with the 50th anniversary of the original Star Trek TV series, CBS Consumer Products have commissioned a series of art pieces to celebrate moments, characters, storylines and episodes from the franchise. Artists from around the world as well as famous fans have lovingly made posters, photos, sculptures, comic strips, textiles and much more to commemorate this beloved show. Foreword by Nicholas Meyer.

The Artist Portrait Project Jennifer G. Spencer, 2018-07-10 After five years' absence from San Diego's art community, Jennifer G. Spencer returned and began to photograph the artists she became acquainted with during her thirteen-year stint

as an executive director of a visual arts organization—a project that became a ten-year journey. In *The Artist Portrait Project*, Spencer reveals the results of her adventure in portraiture after her retirement, and shares how this endeavor enlightened and shaped her opinion of these fifty artists and her art community. Engaging and visually stunning, *The Artist Portrait Project* is a book about self-discovery and the persistence of the creative spirit.

This Present Moment Mary Savig, Nora Atkinson, Anya Montiel, 2022-06-21 A highly illustrated, important volume inspired by the way craft artists have united during the COVID pandemic and engaged in artistic conversations about race, gender, and inclusivity. During the summer of 2020, the space outside the Renwick Gallery—the Smithsonian American Art Museum's dedicated museum for contemporary craft and decorative arts—became home to a new discussion about racial justice on Black Lives Matter Plaza. The curators at the Renwick Gallery felt the need to align themselves with what was going on right outside the Gallery's door, the organizing rationale for understanding the objects presented in this volume, many of which are new acquisitions. The title is taken from Alicia Eggert's 2019-2020 eponymous neon work, and the 85 objects in the main plates section lead the reader from the idea of shelter, through layers of expanding spaces to the vast expanses of the universe. The volume looks at contemporary American craft in the whirlwind of now revealing possibilities for contemporary makers to respond to a more empathetic future.

Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of

obsession and the power of evil.
