**Richard Dyer, Julianne Pidduck**

The Lavender Screen Boze Hadleigh, 1997-09 The Lavender Screen traces the origins & evolution of films with gay and lesbian characters and themes - from the thirties, when they were few and far between, to their present proliferation. It offers a startling review of more than 100 films. '

**Queer Images** Benshoff, Griffin, 2005-10-13 Queer Images chronicles representations of lesbian, gay, bisexual, and queer sexualities over one hundred years of American film. The most up-to-date and comprehensive book of its kind, it explores the ever-changing images of queer characters onscreen as well as the work of queer filmmakers and the cultural histories of queer audiences--from the works of discreetly homosexual filmmakers during Hollywood's Golden Age and classical Hollywood's attempt to purge sex perversion from films, to queer exploitation and physique films, cinematic responses to AIDS, and how contemporary Hollywood deals with queer issues. An essential volume for film buffs and anyone interested in sexuality and culture. Visit our website for sample chapter!

*The Routledge Companion to Gender, Media and Violence* Karen Boyle, Susan Berridge, 2023-09-29 With the heated discussion around #MeToo, journalistic reporting on domestic abuse, and the popularity of true crime documentaries, gendered media discourse around violence and harassment has never been more prominent. The Routledge Companion to Gender, Media and Violence is an outstanding reference source to the key topics, problems and debates in this important subject and is the first collection on media and violence to take a gendered, intersectional approach. Comprising over 50 chapters by a team of interdisciplinary and international contributors, the book is structured around the following parts: News Representing reality Gender-based violence online Feminist responses The media examples examined range from Australia to Zimbabwe and span print and online news, documentary film and television, podcasts, pornography, memoir, comedy, memes, influencer videos, and digital feminist protest. Types of violence considered include domestic abuse, honour-based violence, sexual violence and harassment, female genital mutilation/cutting, child sexual abuse, transphobic violence, and the aftermath of conflict. Good practice is considered in relation to both responsible news reporting and pedagogy. The Routledge Companion to Gender, Media and Violence is essential reading for students and researchers in Gender Studies, Media Studies, Sociology, and Criminology.

**Straight Skin, Gay Masks and Pretending to be Gay on Screen** Gilad Padvá, 2020-05-11 Straight Skin, Gay Masks

and Pretending to Be Gay on Screen examines cinematic depictions of pretending-to-be-gay, assessing performances that not only reflect heteronormative and explicitly homophobic attitudes, but also offer depictions of gay selfhood with more nuanced multidirectional identifications. The case of straight protagonists pretending to be gay on screen is the ideal context in which to study unanticipated progressivity and dissidence in regard to cultural construction of human sexualities in the face of theatricalized epistemological collapse. Teasing apart the dynamics of depictions of both sexual stability and fluidity in cinematic images of men pretending to be gay offers new insights into such salient issues as sexual vulnerability and dynamics and long-term queer visibility in a politically complicated mass culture which is mostly produced in a heteronormative and even hostile cultural environment. Additionally, this book initially examines queer uses of sexuality masquerade in Alternate Gay World Cinema that allegorically features a world pretending to be gay, in which straights are harassed and persecuted, in order to expose the tragic consequences of sexual intolerance. Films and TV series examined as part of the analysis include The Gay Deceivers, Victor/Victoria, Happy Texas, William Friedkin's Cruising and many other straight and gay screens. This is a fascinating and important study relevant to students and researchers in Film Studies, Media Studies, Gender Studies, Queer Studies, Sexuality Studies, Communication Studies and Cultural Studies.

**Screen Stories** Carl R. Plantinga, 2018 The way we communicate with each other is vital to preserving the cultural ecology, or wellbeing, of a place and time. Do we listen to each other? Do we ask the right questions? Do we speak about each other with respect or disdain? The stories that we convey on screens, or what author Carl Plantinga calls 'screen stories,' are one powerful and pervasive means by which we communicate with each other. *Screen Stories: Emotion and the*

Ethics of Engagement argues that film and media studies needs to move toward an approach to ethics that is more appropriate for mass consumer culture and the lives of its citizens. Primarily concerned with the relationship between media and viewers, this book considers ethical criticism and the emotional power of screen stories that makes such criticism necessary. The content we consume--from television shows and movies to advertisements--can significantly affect our welfare on a personal and societal level, and thus, this content is subject to praise and celebration, or questioning and even condemnation. The types of screen stories that circulate contribute to the cultural ecology of a time and place; through shared attention they influence what individuals think and feel. Plantinga develops a theory of the power of screen stories to affect both individuals and cultures, asserting that we can better respond ethically to such media if we understand the sources of its influence on us.

**Controversial Cinema** Kendall R. Phillips, 2008-06-30 At the heart of any history of controversial films is a strange paradox: while films, especially popular and mainstream films, are often portrayed as meaningless products of popular culture, those popular films involved in public controversies become the focal point of enormous cultural energy, political attention, and profoundly conflicting sets of principles. The ongoing culture wars continue to shape the American political landscape, and controversial films continue to be a major point of conflict. *Controversial Cinema: The Films that Outraged America* traces the history of controversial films and offers insights into why it is that certain films spark controversies, and how Americans typically react to controversial moviemaking. Since the widespread banning of DW Griffith's *The Birth of a Nation*, the American film industry has found itself embroiled in one political controversy after another. These controversies have centered on everything from the portrayal of the past, as in Griffith's film, to depictions of sex and sexuality, to the use of graphic violence, and issues of race, religion, and politics. In turn, segments of the American public have been driven to boycott, picket, and even censor those films they felt challenged their sense of decency. At the heart of this history of controversial films is a strange paradox: while films, especially popular and mainstream films, are often portrayed as meaningless products of popular culture, popular films involved in public controversies become the focal point of enormous cultural energy and political attention. The ongoing culture wars thus continue to shape the American political landscape, and controversial films continue to be a major point of conflict. In the course of this wide-ranging work, Kendall Phillips offers insights into the kinds of films that spark controversies, and the ways that Americans typically react to them. Organized around broad controversial themes and with particular attention to mainstream films since the dissolution of the Motion Picture Production Code in the mid-1960s, *Controversial Cinema* explores why films spark broad cultural controversies, how these controversies play out, and the long-term results. The four broad areas of controversy examined in the work are: Sex and Sexuality, Violence, Race, and Religion. Each chapter offers a broad overview of the history of these topics in controversial American films as well as more in-depth examinations of recent examples, including *The Silence of the*

Lambs, Natural Born Killers, Do the Right Thing, and The Passion of the Christ. A final section of the book considers the broader issues of cultural politics in light of the long history of controversial cinema.

Queer Kids Robert E Owens, 2018-10-24 Packed to the hilt with living narratives, scholarly research, and problem-solution scenarios, *Queer Kids: The Challenges and Promise for Lesbian, Gay, and Bisexual Youth* examines the unique challenges faced by today's homosexual young adults. You'll learn what modern-day queer kids do to cope, survive, and find understanding in a world riddled with homophobic intolerance. *Queer Kids* is a lens of clarity that will help the average straight adult--and maybe even the average gay adult--see things from a kid's point of view. Its detail-oriented, well-wrought chapters will provide you with literally hundreds of stories of young people who are trying to define themselves sexually and emotionally in a society of criss-crossing judgment, stereotyping, anger, and expectation. Aimed at three target groups--counselors, parents, and youth--this book introduces you to a variety of interesting kids, offers you a look at the process of coming out, and helps you grasp the experience of queer identification. Specifically, you'll read about: queer kids and their families and peers the medical/health care profession's impact on queer kids the teachers and counselors of gay, lesbian, and bisexual youth how to alleviate harassment, abuse, withdrawal, and loneliness the effects of familial denial, prejudiced counselors, and standoffish gay adults Being a kid is tough--but being a queer kid can be even tougher. Fortunately, *Queer Kids* is available for students, ministers, teachers, youth- and health-care workers, and especially the friends and families of teens who are working through the personal turbulence that too often accompanies sexual and emotional definition. Guided by its upfront approach and practical resource list of written, computer, and telephone aids, you'll see that a solution is not as distant as you think. Read it, and relearn what it means to be a kid again.

**The Bent Lens** Claire Jackson, Peter Tapp, 1997 Over 1700 titles from 45 countries spanning gay and lesbian filmmaking from 1914 to the present day are listed.--P. [4] of cover

**Out on the Screen** Steve Stewart, 2002

Queer Theory in Film & Fiction Ernest N. Emenyonu, John C. Hawley, 2018 ALT 36 turns a queer eye on Africa, offering provocative (re-)readings of texts to position formerly erased sexualities and contemporary sexual expression among Africans on the continent, and abroad.

*Gay L.A.* Lillian Faderman, Stuart Timmons, 2009-08-03 Charts LA's gay history, from the first missionary encounters with Native American cross-gendered 'two spirits' to cross-dressing frontier women in search of their fortunes, and from the 1960s gay liberation movement to the creation of gay marketing in the 1990s.

**Queer (Un)Friendly Film and Television** James R. Keller, 2010-06-28 In the past, representations of alternative lifestyles on film were, even in their most explicit forms, faint and ambiguous, and the television industry was even more conservative. But in more recent years, thanks in part to the success of such films as *Philadelphia*, *The Birdcage*, *To Wong Foo*

and In & Out, and television programs such as Will & Grace, a collective effort is underway to construct a positive new public image for gays and lesbians. This work studies recent cinematic and television depictions of gays and lesbians. It examines the gay male conversion fantasy in Get Real, Beautiful Thing, I Think I Do, and Billy's Hollywood Screen Kiss, the metaphor of the aging artist as a teacher to young gay men in Love and Death on Long Island and Gods and Monsters, gay violence in Shakespeare and The Talented Mr. Ripley, unacknowledged homophobia and theories of traditional masculinity in Gladiator, the ethical complexities of the human genome project and genetic screening for the gene associated with homosexuality in Twilight of the Idols, profanity and protest masculinity in The Usual Suspects, the controversy arising when the cast of Will & Grace urged Californians to vote against the Knight Initiative refusing recognition to same-sex marriages, male egotism in Flawless, gay parenting and other family issues in The Birdcage, The Object of My Affection, and The Next Best Thing, and rehabilitating homophobia in American Beauty, Urbania, Oz, Kiss Me Guido, Chuck & Buck, and Billy Elliot.

**Now You See it** Richard Dyer, Julianne Pidduck, 2003 This study of films by and about lesbians and gay men has been revised for a second edition and features an introduction outlining developments in lesbian and gay cinema since 1990.
