The Second Coming of Paisley Richard Lawrence Jordan,2013-04-04 The Second Coming of Paisley is the first book to examine the relationship between the Reverend Ian Paisley and leaders of the militant wing of evangelical fundamentalism in the United States in the period immediately preceding the outbreak of the Northern Ireland “Troubles” in the late 1960s. Jordan convincingly demonstrates that it was exposure to the ideas and principles of leaders of the Christian right such as Carl McIntire and Billy James Hargis that enabled Paisley to develop a militant brand of politicized religious fundamentalism that he used successfully to block the advance of civil rights for Northern Ireland’s Catholic population. This cross-fertilization happened not in a historical vacuum but in the context of several centuries of interaction and exchange between Ulster and North America. Drawing upon extensive archival research, Jordan provides a full background analysis and establishes a framework for understanding the extraordinary force with which Reverend Paisley used a religious culture imported from the United States to affect a radical shake-up of religion and politics in Northern Ireland. Shedding new light on the influence of evangelical fundamentalism, *The Second Coming of Paisley* will be indispensable for scholars interested in the influence of religion on politics.

Education for Values: Morals, Ethics and Citizenship in Contemporary Teaching Jo Cairns,Roy Gardner,Denis Lawton,2013-05-13 Values in education, in terms of both how they are taught and of the ethics of teaching itself, are an area of lively debate. This text provides a resource of ideas, issues and practice for all those with an interest in this area of education.

Cultures of Piety Anne Clark Bartlett,Thomas H. Bestul,2018-09-05 Devotional texts in late medieval England were notable for their flamboyant piety and their preoccupation with the tortured body of Christ and the grief of the Virgin Mary. Generations of readers internalized and shaped the cultures of piety represented by these works. Anne Clark Bartlett and Thomas H. Bestul here gather seven examples of this literature, all written in the period 1350-1450, one in Anglo-Norman,

the remainder in Middle English. (The volume includes an appendix containing the original texts of the latter six pieces.) The collection illustrates the polyglottal, conflicting, and often polemical nature of devotional culture in the Middle Ages. It provides a valuable context for and interesting counterpoint to the Canterbury Tales and other classic works of late medieval England. The introduction and the translators' headnotes discuss crucial aspects of the texts' histories and thematics, including the importance of the body in spiritual practices, the development of female patronage and of a wide audience for this literature, and the indivisibility of the political and the religious in medieval times.

The Uncertain Trumpet Norman Dennis, 2001 From the arrival of the Celtic monks until well into the 19th century, all formal education in Britain was religious education. Until the middle of the 17th century, formal education was under the sole auspices of the Church of England. But whether strictly under the control of the Church of England or not, the prevailing belief was that, without religion at its heart, education could not take place at all.

Holistic Mission Brian Woolnough, Wonsuk Ma, 2011-01-01 Holistic mission, or integral mission, implies God is concerned with the whole person, the whole community: body, mind and spirit. Many Christians concentrate only on one aspect. This book reaffirms that to be true to the Bible, to follow the example of Jesus, the church must address the whole person in all their needs. It considers the meaning of the holistic gospel, how it has developed, and implications for the individual Christian, for the local church, for denominations and church groups, for missionary societies, for Christian NGOs, and for theological training institutions. It takes a global, eclectic approach, with 19 writers, church leaders, academics and practitioners, all of whom have much experience in, and commitment to, holistic mission. It addresses critically and honestly one of the most exciting, challenging, and important issues facing the church today. To be part of God's plan for God's people, the church must take holistic mission to the world.

Studies in Jaina History and Culture Peter Flügel, 2006-02-01 The last ten years have seen interest in Jainism increasing, with this previously little-known Indian religion assuming a significant place in religious studies. *Studies in Jaina History and Culture* breaks new ground by investigating the doctrinal differences and debates amongst the Jains rather than presenting Jainism as a seamless whole whose doctrinal core has remained virtually unchanged throughout its long history. The focus of the book is the discourse concerning orthodoxy and heresy in the Jaina tradition, the question of omniscience and Jaina logic, role models for women and female identity, Jaina schools and sects, religious property, law and ethics. The internal diversity of the Jaina tradition and Jain techniques of living with diversity are explored from an interdisciplinary point of view by fifteen leading scholars in Jaina studies. The contributors focus on the principal social units of the tradition: the schools, movements, sects and orders, rather than Jain religious culture in abstract. Peter Flügel provides a representative snapshot of the current state of Jaina studies that will interest students and academics involved in the study of religion or South Asian

cultures.

A Century of Catholic Mission Stephen B. Bevans,2015-01-12 A Century of Catholic Mission surveys the complex and rich history and theology of Roman Catholic Mission in the one hundred years since the 1910 Edinburgh World Mission Conference. Essays written by an international team of Catholic mission scholars focus on Catholic Mission in every region of the world, summarize church teaching on mission before and after the watershed event of the Second Vatican Council, and reflect on a wide variety of theological issues. A Century of Catholic Mission is a missiological feast with the table richly spread with everything one needs to know about Catholic mission. -Gemma Tulud Cruz, Senior Lecturer, School of Theology, Australian Catholic University This book is a magisterial project, wider than the Magisterium. Stephen B Bevans has gathered and shaped an extraordinary resource for theological students, as well as for students of mission. To understand the beginning of a Catholic new era, with Pope Francis I, immerse yourself in this immense book. -The Rt Revd Dr Graham Kings, Bishop of Sherborne This book is a wonderful gift to world Christianity. The breadth of its missiology, the scope of its historical survey, and the representation of the world church among its writers mean that this work is truly catholic in its scholarship and purpose. -Dr Cathy Ross, Lecturer in Mission, Regent's Park College, University of Oxford The scope and depth of A Century of Catholic Mission is astounding. It is an essential book both for reference and as a reliable text to introduce students from all churches to this important area. I know of no other book that gives a panoramic view of world Catholicism, bringing into relief both its mountains and valleys. -William R Burrows, Research Professor of Missiology, New York Theological Seminary Certainly the most comprehensive survey on mission as done and reflected upon in a Roman Catholic context! Prof. Dr. Annemarie Mayer, Roman Catholic Consultant, World Council of Churches Stephen B. Bevans, SVD, is a priest in the Society of the Divine Word, a Roman Catholic missionary congregation. After ordination in 1971 he spent nine years as a missionary in the Philippines and since 1986 he has taught at Catholic Theological Union in Chicago, USA, where he is currently the Louis J. Luzbetak, SVD Professor of Mission and Culture. Among his publications are Models of Contextual Theology (2002), Constants in Context and Prophetic Dialogue (with Roger P. Schroeder, 2004 and 2011), and Evangelization and Religious Freedom (with Jeffrey Gros, 2009). He is past president of the American Society of Missiology, serves on the editorial board

The Reckoning Jess Hill,2021-11-29 Tracing the impact of Australia's #MeToo moment In 2021, Australia saw rage and

revelation, as #MeToo powered an insurgency against sexism and sexual violence. From once isolated survivors to political staffers, women everywhere were refusing to keep men's secrets. In this electrifying essay, Jess Hill traces the conditions that gave birth to #MeToo and tells the stories of women who – often at great personal cost – found themselves at the centre of this movement. Hill exposes the networks of backlash against them – in government, media, schools, and in our national psyche. This is a powerful essay about shame, secrecy and, most of all, a revolutionary movement for accountability. "Here's what men like Scott Morrison don't understand: political spin has no power against the rage unleashed by #MeToo. At its heart, this is an accountability movement . . . The cultural revolution of #MeToo is not just about sexual violence. It is taking aim at patriarchy's most sacred compact: the keeping of men's secrets."—Jess Hill, *The Reckoning*

The Baptist Story Anthony L. Chute, Nathan A. Finn, Michael A. G. Haykin, 2015-08-15 *The Baptist Story* is a narrative history spanning over four centuries of a diverse group of people living among distinct cultures on separate continents while finding their identity in Christ and expressing their faith as Baptists. Baptist historians Anthony Chute, Nathan Finn, and Michael Haykin highlight the Baptist transition from a despised sect to a movement of global influence. Each chapter includes stories of people who made this history so fascinating. Although the emphasis is on the English-speaking world, *The Baptist Story* integrates stories of non-English-speaking Baptists, ethnic minorities, women, and minority theological traditions, all within the context of historic, orthodox Christianity. This volume provides more than just the essential events and necessary names to convey the grand history. It also addresses questions that students of Baptist history frequently ask, includes prayers and hymns of those who experienced hope and heartbreak, and directs the reader's attention to the mission of the church as a whole. Written with an irenic tone and illustrated with photographs in every chapter, *The Baptist Story* is ideally suited for graduate and undergraduate courses, as well as group study in the local church.

The Civil War Letters (1862-1865) of Private Henry Kauffman Henry Kauffman, 1991 This collection of letters was written by a young infantryman, Henry Kauffman, during his service in the American Civil war. The letters should appeal to Civil War enthusiasts, mainly because of their style and the personality of the young man who penned them. Although registered as blacksmith in the Company Descriptive Book of the 110th Regiment of the Ohio Infantry, Henry Kauffman insisted upon serving as a front-line infantryman throughout the war. His unit was involved in some of the more intense fighting in the war, particularly in the Shenandoah Valley. He was captured by the Confederates at one point and paroled. He deserted, was caught and returned to duty. Later he was wounded and finally mustered out of a military hospital.
