Keep Dancing Rosie Giesie, 2011-09 Advance Praise for Keep Dancing Dear Rose, I wanted to send something related to the book you are writing. What a wonderful idea to share your experience. I must say that I have always marveled at your strength, your ability to be so full of life in the face of such overwhelming loss. All your children gone. The thought boggles the mind. You've incorporated Rick's friends as your new family, and we are privileged to be a small part of this. You are my role-model for living life to its fullest! Pam White I will read this book and I will keep it somewhere in my home where I can see it and be reminded daily that whatever I am going through is manageable. Never mind The Secret that I learned from this will be my positive affirmation. Gene and Rosie inspire me to find the courage to deal with things that test me and find the hope to push through to the beauty of life that still awaits me on the other side. Renee Edmonds The Giesies have an amazing gift for remembering and celebrating the happy times and letting the sadder things in life slip into distant memory, where they are only to be recounted for a purpose. Thank you Mama Rose and Gene for the original gift that was Rick and for the gift of teaching me how to continue enjoying him every day of my life. Brian Toffoli

While she fights to stage her show and put Tommy's killers away for good, her brother's

smiling face appears in her thoughts, telling her to keep on dancing . . . Can she find the strength without him?

**Dancing After the Music Stops** Jean-Pascal Remon, 2019-09-06 And those who were seen dancing were thought to be insane by those who could not hear the music. - Friedrich Nietzsche There is no hope; yet there is only hope. True happiness is being re-united with the cosmos. True spiritual gift is always free. May this book be the first step on the palliative care of the soul for you. Dancing on the upper deck of the Titanic as it is sinking is not reserved to the rich among us - actually, it probably belongs to the children of the light, those caring little about the monetary system, those wandering freely on Earth, knowing there is something more to life than we were led to believe. If reality is, well, real, then we ought to dive deep into it and experience the structure that composes it. Not understand, but experience the Game of Life. Sometimes, you'll win, sometimes you'll lose. Make it no factor. You'll have to keep going forward. Your attitude will determine the quality of your journey on Earth. Sometimes, you'll have to walk away. Sometimes, you'll have to hold the line. Sometimes, you'll have to run. Sometimes, you'll have to hunker on to the lifeline cause that'll be the only thing holding you from falling into the abyss. Sometimes, you'll have to cut that lifeline and plunge to the depth of darkness itself to experience rebirth. There is no dying without living. This spiritual field manual won't tell you when to cut or hold on to that line - pointers and arrows are the only thing I can provide you. But when you have a proper understanding of the Game of Life, the physics and the metrics behind the scene, then it'll be a helluva ride through the galaxies. No, not necessarily easy. Believe me: You don't really want easy anyway. You want meaningful. You actually want to know why the hell you're dancing through the worlds as you go through your cosmic journey. That why is so underrated yet so valuable. It'll be the anchor that conjures hope through the storm of life.
