Reauthorization of the Higher Education Act of 1965 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Education, Arts, and Humanities,1991 This volume presents transcripts of seven hearings held in May, 1991, on the reauthorization of the Higher Education Act of 1965. Of the hearings held in the District of Columbia the first focused on the Pell Grant and Stafford Loan programs and featured witnesses from around the country addressing educational finance. The second hearing focused on the process of accreditation, certification and licensing that determines institutional participation in the Federal student aid programs and featured witnesses from educational institutions, and professional associations. The final hearing presented the testimony of college executives, representatives of educational associations and others on Title VI (which supports international education) and Title III (concerned with institutional aid and funding for institutional facilities). The hearings in other cities provided an opportunity for legislators to hear additional suggestions and recommendations from students, teachers, administrators, institutional executives and state agencies on the reauthorization of higher education programs. Included are the prepared statements of the witnesses as well as additional statements, correspondence and supplemental material. (JB)
