The College Solution Lynn O'Shaughnessy,2008-06-06 "The College Solution helps readers look beyond over-hyped admission rankings to discover schools that offer a quality education at affordable prices. Taking the guesswork out of saving and finding money for college, this is a practical and insightful must-have guide for every parent!" —Jaye J. Fenderson, Seventeen's College Columnist and Author, *Seventeen's Guide to Getting into College* "This book is a must read in an era of rising tuition and falling admission rates. O'Shaughnessy offers good advice with blessed clarity and brevity." —Jay Mathews, Washington Post Education Writer and Columnist "I would recommend any parent of a college-bound student read *The College Solution*." —Kal Chany, Author, *The Princeton Review's Paying for College Without Going Broke* "The College Solution goes beyond other guidebooks in providing an abundance of information about how to afford college, in addition to how to approach the selection process by putting the student first." —Martha "Marty" O'Connell, Executive Director, *Colleges That Change Lives* "Lynn O'Shaughnessy always focuses on what's in the consumer's best interest, telling families how to save money and avoid making costly mistakes." —Mark Kantrowitz, Publisher, *FinAid.org* and Author, *FastWeb*

College Gold “An antidote to the hype and hysteria about getting in and paying for college! O’Shaughnessy has produced an excellent overview that demystifies the college planning process for students and families.” —Barmak Nassirian, American Association of Collegiate Registrars and Admissions Officers For millions of families, the college planning experience has become extremely stressful. And, unless your child is an elite student in the academic top 1%, most books on the subject won’t help you. Now, however, there’s a college guide for everyone. In *The College Solution*, top personal finance journalist Lynn O’Shaughnessy presents an easy-to-use roadmap to finding the right college program (not just the most hyped) and dramatically reducing the cost of college, too. Forget the rankings! Discover what really matters: the quality and value of the programs your child wants and deserves. O’Shaughnessy uncovers “industry secrets” on how colleges actually parcel out financial aid—and how even “average” students can maximize their share. Learn how to send your kids to expensive private schools for virtually the cost of an in-state public college...and how promising students can pay significantly less than the “sticker price” even at the best state universities. No other book offers this much practical guidance on choosing a college...and no other book will save you as much money!

- Secrets your school’s guidance counselor doesn’t know yet
- The surprising ways colleges have changed how they do business
- Get every dime of financial aid that’s out there for you
- Be a “fly on the wall” inside the college financial aid office
- U.S. News & World Report: clueless about your child
- Beyond one-size-fits-all rankings: finding the right program for your teenager
- The best bargains in higher education

High-Impact ePortfolio Practice Bret Eynon, Laura M. Gambino, 2023-07-03 Published in association with At a moment when over half of US colleges are employing ePortfolios, the time is ripe to develop their full potential to advance integrative learning and broad institutional change. The authors outline how to deploy the ePortfolio as a high-impact practice and describe widely-applicable models of effective ePortfolio pedagogy and implementation that demonstrably improve student learning across multiple settings. Drawing on the campus ePortfolio projects developed by a constellation of institutions that participated in the Connect to Learning network, Eynon and Gambino present a wealth of data and revealing case studies. Their broad-based evidence demonstrates that, implemented with a purposeful framework, ePortfolios correlate strongly with increased retention and graduation rates, broadened student engagement in deep learning processes, and advanced faculty and institutional learning. The core of the book presents a comprehensive research-based framework, along with practical examples and strategies for implementation, and identifies the key considerations that need to be addressed in the areas of

Pedagogy, Professional Development, Outcomes Assessment, Technology and Scaling Up. The authors identify how the ePortfolio experience enhances other high-impact practices (HIPs) by creating unique opportunities for connection and synthesis across courses, semesters and co-curricular experiences. Using ePortfolio to integrate learning across multiple HIPs enables students reflect and construct a cohesive signature learning experience. This is an invaluable resource for classroom faculty and educational leaders interested in transformative education for 21st century learners.

The World Today H. J. de Blij, Peter O. Muller, Jan Nijman, 2010-10-04 Anyone interested in learning about geographic concepts will appreciate this concise book that highlights the most important concepts. Seven Webfoot Way Bob Spohn, 2017-07-14 An exhilarating experience with six African American teenage girls changed the life of a white guy from Jersey who had grown up with an outhouse until he was eight years old. He left a successful career with a Fortune 500 company to become a dynamic college professor and art collector, eventually living in a charming little house at 7 Webfoot Way on Cape Cod. You will get some inside information about the corporate and academic worlds and witness the ending of a long-term monogamous marriage and the subsequent exciting life as a single person. The expository writing and storytelling is intended to inform and entertain. It is laced with humor, mostly self-deprecating. You might want to use this memoir as a model or template for telling your offspring your life story, just as he has done for his grandson, Aidan.

Emerging Perspectives on Community Schools and the Engaged University Kronick, Robert F., 2019-08-23

University involvement within their communities and the promotion of engaged scholarship is essential for the success of the learning institution as well as for providing students with opportunities to interact with various leadership roles and hands-on interactions with the communities themselves. Community schools employ strategic partnerships to expand the boundaries of school improvements and to increase the direct benefits gained by the community. *Emerging Perspectives on Community Schools and the Engaged University* is an essential research publication that explores the importance of civic engagement in various school settings, but especially in higher education settings. Featuring a wide range of topics such as service learning, charter schools, and democracy, this book is ideal for community organizers, superintendents, directors, provosts, chancellors, education practitioners, academicians, administrators, researchers, and education policymakers.
