**The Precious Dreadful** Steven Parlato, 2018-02-13 Combining romance and humor with elements of the paranormal, this is a profound novel about one teenage girl's decision to redefine her life in the wake of supernatural events. Teddi Alder is just trying to figure out her life. When she joins SUMMERTEENS, a library writing group, she's only looking to keep herself busy, not go digging around in her subconscious. But as she writes, disturbing memories of her lost childhood friend Corey bubble to the surface, and Teddi begins to question everything: her friendship with her BFF Willa, how much her mom really knows, and even her own memories. Teddi fears she's losing her grip on reality—as evidenced by that mysterious ghost-girl who emerges from the park pool one night, the one who won't leave Teddi alone. To top it all off, she finds herself juggling two guys with potential, a quirky new boy named Joy and her handsome barista crush Aidan, who has some issues of his own. As the summer unfolds, Teddi is determined to get to the bottom of everything—her feelings, the mysterious ghost-girl, and the memories of Corey that refuse to be ignored.

Opening Doors to Teamwork and Collaboration Judith H. Katz, Frederick A. Miller, 2013-03-11 Organizations are only as productive as the interactions that take place between individuals, teams and divisions. This book is a short, engaging guide for dramatically improving the quality of these interactions. The four 'keys' that Judith Katz and Frederick Miller provide offer a framework and a common language for creating an open, honest and supportive workplace, one where people aren't afraid to speak up and where everyone feels respected. The four keys are: - Lean into Discomfort: Be willing to move beyond your comfort zone, and help create an environment where others feel the same way. - Listen as an Ally: Try to find ways you can support fellow employee's ideas. - Share Your Intent and Intensity: Make it crystal clear how committed you feel to any idea you raise. - Share Street Corners: Your perspective - your corner - is only one point of view. Actively encourage people from other corners' to offer their perspectives.

*The Sunshine Sisters* Jane Green, 2017 The New York Times bestselling author of *Falling* presents a warm, wise, and wonderfully vivid novel about a mother who asks her three estranged daughters to come home to help her end her life. Ronni Sunshine left London for Hollywood to become a beautiful, charismatic star of the silver screen. But at home, she was a narcissistic, disinterested mother who alienated her three daughters. As soon as possible, tomboy Nell fled her mother's overbearing presence to work on a farm and find her own way in the world as a single mother. The target of her mother's criticism, Meredith never felt good enough, thin enough, pretty enough. Her life took her to London--and into the arms of a man whom she may not even love. And Lizzy, the youngest, more like Ronni than any of them, seemed to have it easy, using her drive and ambition to build a culinary career to rival her mother's fame, while her marriage crumbled around her. But now the Sunshine sisters are together again, called home by Ronni, who has learned that she has a serious disease and needs her daughters to fulfill her final wishes. And though Nell, Meredith, and Lizzy have never been close, their mother's illness draws them together to confront the old jealousies and secret fears that have threatened to tear these sisters apart. As they

face the loss of their mother, they will discover if blood might be thicker than water after all...

**Indiana Bamboo** Meira Rosenberg, 2017 When Paradise Pets, her favorite store in the small town of River Creek, Indiana, is robbed and all the animals vanish, almost eleven-year old Indiana Bamboo and her friends investigate.

**Truth Worth Telling** Scott Pelley, 2019-05-21 This inspiring memoir of life on the frontlines of history is a “riveting blend of investigative reporting, color commentary, and personal reminiscence” (Publishers Weekly, starred review). A 60 Minutes correspondent and former anchor of the CBS Evening News, Scott Pelley writes as a witness to events that changed our world. In moving, detailed prose, he stands with firefighters at the collapsing World Trade Center on 9/11, advances with American troops in combat in Afghanistan and Iraq, and reveals private moments with presidents (and would-be presidents) he’s known for decades. Pelley also offers a resounding defense of free speech and a free press as the rights that guarantee all others. Above all, Truth Worth Telling offers a collection of inspiring tales that reminds us of the importance of sticking to our values in uncertain times. For readers who believe that values matter, and that truth is worth telling, Pelley writes, “I have written this book for you.”

**The Remarkable Courtship of General Tom Thumb** Nicholas Rinaldi, 2014-08-12 Based on the real life of the internationally recognized entertainer, a tale set against a backdrop of the American Civil War finds young Tom discovered at age 4 by P. T. Barnum and meeting famous royals before marrying Lavinia Warren and witnessing the tragic consequences of the war.

**3 Minute Spanish: Lessons 1-3** Kieran Ball, 2016-12-04 The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute Spanish. With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn. I wrote the 3 Minute Spanish methodology after trying lots of different courses, books and CDs. I noticed that most Spanish courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of Spanish courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up. With 3 Minute Spanish, what I have done is

put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently. Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying. The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them! People who have spent years unsuccessfully studying Spanish have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson. Here are some of their reviews: Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages. NIALl COLLIN This is fantastic. Everything you learn just stays in your head. YUVRAJ VASWAN I The course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language. LOU CHARON The teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast. SAM DOYLE I love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever! HAPPY DEE Excellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!! MOLLIE DISHA L This method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language! **The Economic and Opportunity Gap** Anni K. Reinking,Theresa Marie Bouley,2021-04-15 The Economic and Opportunity Gap has a great deal of information, ideas and resources focused on children and families living in poverty. Specifically, how teachers and other professionals working with students can reflect, improve, and implement inclusive practices. The information in this book is based in research, such as the foundational starting piece that nearly one-fourth of our children in the United States are living in poverty, a whopping 21%. This number, one that is doubled in some communities and does not consider children in families near the poverty line, is striking when compared to other similarly situated countries. Understanding that many students and families are on the trajectory of poverty will come to light as readers make their way through from statistics, to research, to definitions, to action items.

**Global Innovation Index 2016** Cornell University,INSEAD ,World Intellectual Property Organization,2016 The Global Innovation Index ranks the innovation performance of 128 countries and economies around the world, based on 82 indicators. This edition explores the impact of innovation-oriented policies on economic growth and development. **The Harlem Renaissance Revisited** Jeffrey O. G. Ogbar,2010-07 By examining such major figures of the era as Jessie Fauset, Paul Robeson, and Zora Neale Hurston, the contributors reframe our understanding of the interplay of art, politics, culture, and society in 1920s Harlem. The fourteen essays explore the meaning and power of Harlem theater, literature, and art during the period; probe how understanding of racial, provincial, and gender identities originated and evolved; and reexamine the sociopolitical contexts of this extraordinary black creative class. Delving into these topics anew, The Harlem Renaissance Revisited reconsiders the national and international connections of the movement and how it challenged cliched interpretations of sexuality, gender, race, and class. The contributors show how those who played an integral role in shattering stereotypes about black creativity pointed the way toward real freedom in the United States, in turn sowing some of the seeds of the Black Power movement.--From publisher description.
