Project Hail Mary Andy Weir, 2022-10-04 #1 NEW YORK TIMES BESTSELLER • From the author of *The Martian*, a lone astronaut must save the earth from disaster in this “propulsive” (Entertainment Weekly), cinematic thriller full of suspense, humor, and fascinating science—in development as a major motion picture starring Ryan Gosling. HUGO AWARD FINALIST • ONE OF THE YEAR’S BEST BOOKS: Bill Gates, GatesNotes, New York Public Library, Parade, Newsweek, Polygon, Shelf Awareness, She Reads, Kirkus Reviews, Library Journal • “An epic story of redemption, discovery and cool speculative sci-fi.”—USA Today “If you loved *The Martian*, you’ll go crazy for Weir’s latest.”—The Washington Post Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he fails, humanity and the earth itself will perish. Except that right now, he doesn’t know that. He can’t even remember his own name, let alone the nature of his assignment or how to complete it. All he knows is that he’s been asleep for a very, very long time. And he’s just been awakened to find himself millions of miles from home, with nothing but two corpses for company. His crewmates dead, his memories fuzzily returning, Ryland realizes that an impossible task now confronts him. Hurtling through space on this tiny ship, it’s up to him to puzzle out an impossible scientific mystery—and conquer an extinction-level threat to our species. And with the clock ticking down and the nearest human being light-years away, he’s got to do it all alone. Or does he? An irresistible interstellar adventure as only Andy Weir could deliver, *Project Hail Mary* is a tale of discovery, speculation, and survival to rival *The Martian*—while taking us to places it never dreamed of going.

Artemis Andy Weir, 2017-11-14 The bestselling author of *The Martian* returns with an irresistible new near-future thriller—a heist story set on the moon. Jasmine Bashara never signed up to be a hero. She just wanted to get rich. Not crazy, eccentric-billionaire rich, like many of the visitors to her hometown of Artemis, humanity’s first and only lunar colony. Just rich enough to move out of her coffin-sized apartment and eat something better than flavored algae. Rich enough to pay off a debt she’s owed for a long time. So when a chance at a huge score finally comes her way, Jazz can’t say no. Sure, it requires her to graduate from small-time smuggler to full-on criminal mastermind. And it calls for a particular combination of cunning, technical skills, and large explosions—not to mention sheer brazen swagger. But Jazz has never run into a challenge her intellect can’t handle, and she figures she’s got the ‘swagger’ part down. The trouble is, engineering the perfect crime is just the start of Jazz’s problems. Because her little heist is about to land her in the middle of a conspiracy for control of Artemis

itself. Trapped between competing forces, pursued by a killer and the law alike, even Jazz has to admit she's in way over her head. She'll have to hatch a truly spectacular scheme to have a chance at staying alive and saving her city. Jazz is no hero, but she is a very good criminal. That'll have to do. Propelled by its heroine's wisecracking voice, set in a city that's at once stunningly imagined and intimately familiar, and brimming over with clever problem-solving and heist-y fun, *Artemis* is another irresistible brew of science, suspense, and humor from #1 bestselling author Andy Weir.

Sixteen Teachers Teaching Patrick Sullivan, 2020-12-01 *Sixteen Teachers Teaching* is a warmly personal, full-access tour into the classrooms and teaching practices of sixteen distinguished two-year college English professors. Approximately half of all basic writing and first-year composition classes are now taught at two-year colleges, so the perspectives of English faculty who teach at these institutions are particularly valuable for our profession. This book shows us how a group of acclaimed teachers put together their classes, design reading and writing assignments, and theorize their work as writing instructors. All of these teachers have spent their careers teaching multiple sections of writing classes each semester or term, so this book presents readers with an impressive—and perhaps unprecedented—abundance of pedagogical expertise, teaching knowledge, and classroom experience. *Sixteen Teachers Teaching* is a book filled with joyfulness, wisdom, and

pragmatic advice. It has been designed to be a source of inspiration for high school and college English teachers as they go about their daily work in the classroom. Contributors: Peter Adams, Jeff Andelora, Helane Adams Androne, Taiyon J. Coleman, Renee DeLong, Kathleen Sheerin DeVore, Jamey Gallagher, Shannon Gibney, Joanne Baird Giordano, Brett Griffiths, Holly Hassel, Darin Jensen, Jeff Klausman, Michael C. Kuhne, Hope Parisi, and Howard Tinberg

3 Minute Spanish: Lessons 1-3 Kieran Ball, 2016-12-04 The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute Spanish. With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn. I wrote the 3 Minute Spanish methodology after trying lots of different courses, books and CDs. I noticed that most Spanish courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of Spanish courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up. With 3 Minute Spanish, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently. Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying. The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them! People who have spent years unsuccessfully studying Spanish have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson. Here are some of their reviews: Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages. NIALl COLLINs This is fantastic. Everything you learn just stays in your head. YUVRAJ VASWANl The course was just as the instructor promised; it flowed so easily from beginning to

end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language.
LOU CHARONThe teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast.
SAM DOYLEI love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever!
HAPPY DEEExcellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!!
MOLLIE DISHAThis method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!

Waking Up to the Earth: Connecticut Poets in a Time of Global Climate Crisis Margaret Gibson, 2021-03-04

Waking Up to the Earth, edited by Connecticut's Poet Laureate Margaret Gibson, is an anthology of poems by Connecticut poets who write of their relationships with the earth in a time of global climate crisis. The scope of the poems goes far beyond Connecticut to the whole ecosystem we humans share. With praise and wonder, and sometimes with grief or anger, the poems in this collection pay close attention to our planet and its inhabitants, its forests and oceans, its creatures: turtles and dung beetles, bats and bobcats, oak trees, orchards, and rivers. In a time of climate crisis, the poems in this anthology ask everyone to wake up to the earth, and to cherish it.

Black Women Speaking from Within Kelly K. Hope, 2019 In *Speaking from Within: Black Women in The Ivory Tower*, authors' use intersectional and interdisciplinary lenses to share the ways in which they understand, navigate, resist, and transform student services, learning, teaching, and existing in the academy. Chapters explore and discuss the following question: How do Black women experience and perceive place and agency in higher education? This book draws upon the influence organizational culture, sense-making, and sisterhood has on praxis and pedagogy and places the Black woman's stories and experiences at the center of the conversation--

What is "college-level Writing"? Patrick Sullivan, Howard B. Tinberg, Sheridan D. Blau, 2010 A sequel to *What Is College-Level Writing?* (2006), the essays in this collection focus on matters that English teachers concern themselves with every day: assignments, readings, and real student writing.
