Eighteen-year-old Daunis Fontaine has never quite fit in, both in her hometown and on the nearby Ojibwe reservation. She dreams of a fresh start at college, but when family tragedy strikes, Daunis puts her future on hold to look after her fragile mother. The only bright spot is meeting Jamie, the charming new recruit on her brother Levi's hockey team. Yet even as Daunis falls for Jamie, she senses the dashing hockey star is hiding something. Everything comes to light when Daunis witnesses a shocking murder, thrusting her into an FBI investigation of a lethal new drug. Reluctantly, Daunis agrees to go undercover, drawing on her knowledge of chemistry and Ojibwe traditional medicine to track down the source. But the search for truth is more complicated than Daunis imagined, exposing secrets and old scars. At the same time, she grows concerned with an investigation that seems more focused on punishing the offenders than protecting the victims. Now, as the deceptions—and deaths—keep growing, Daunis must learn what it means to be a strong Anishinaabe kwe (Ojibwe woman) and how far she'll go for her community, even if it tears apart the only world she's ever known.

*How to Go to College on a Shoe String* Ann Marie O'Phelan, 2008 Once again in 2006 the cost to attend college was double the inflation rate, according to the report Trends in College Pricing 2006. The average rate of tuition at four-year private colleges was about \$21,235; four-year public universities average \$5,491. Tuition costs, of course, are just the beginning now add room and board, the cost of attending a private college is \$29,026 per year on average, and \$12,127 at four-year public universities. Take a look at IVY league universities such as Princeton and the total fees will climb to nearly \$37,000. An 8% college inflation rate means that the cost of college doubles every nine years. For a baby born today, this means that college costs will be more than three times current rates when the child is ready for college. The average debt for graduating college seniors who borrow to finance their undergraduate degree is just under \$20,000. But there is good news. There is more financial aid available than ever before over \$134 billion. And, despite all of these college cost increases, a college education remains an affordable choice for most families. Armed with the information detailed in this comprehensive book you will be privy to over 2,200 programs that offer scholarships, internships, or loans to more than 1.7 million students each year. These are scholarships, grants, and loan programs that you have never heard of for example: The Millennium Scholarship Offers \$10,000 to students who have lived in Nevada for at least two years before they graduate from high school. State-funded by Nevada's portion of the lawsuit settlement against national tobacco companies. Or Patrick Kerr Skateboard Scholarship One \$5,000 and three \$1,000 scholarships to students who promote skateboarding. Created by a Philadelphia mother after her 15-year-old son was killed while skateboarding. Are you tall ? Then apply for the Tall Clubs International Scholarship, Males 6'2 or taller and females 5'10 or higher qualify for a \$1000.00 scholarship. In addition to scholarships and grants you will learn hundreds of innovative ways to slash your college cost including: calculating your

college budget, Ways to Reduce your college budget, buy your text books & supplies cheap, Earn college credit on an accelerated basis, CLEP, Earn college credit outside the traditional classroom, Make use of payment alternatives, Tax credits, Combine higher education and course-related employment, National and community service, Tuition prepayment plans, Federal Funds, State Aid, credit card use, Private Sector Aid, College Funds. How to apply for loans, grants and scholarships, Preparing the financial Aid Packages, Saving for college, retirement funds, what to do when you are parents are divorced, getting awards, Private Scholarships, The Military, National Service, working while going to school, inexpensive dating ideas, medical & dental coverage, your car, your cell phone, your computer, your dorm room, spring break, entertainment, transportation. Maybe saving money to you does not matter, perhaps you won the lottery, but if you want to learn hundreds of innovative ways to save thousands on your college costs than this book is for you.

**Omar Rising** Aisha Saeed,2023-08-29 In this compelling companion to New York Times bestseller Amal Unbound, Omar contends with being treated like a second-class citizen when he gets a scholarship to an elite boarding school. When Omar gets a scholarship to the prestigious Ghalib Academy, it's a game changer. It will give him, the son of a servant, a once-in-a-lifetime opportunity for a better future—and his whole village is cheering him on. Omar can't wait to dive into his classes, play soccer, and sign up for astronomy club—but those hopes are dashed when he learns first-year scholarship students can't join clubs or teams; instead, they must earn their keep by doing chores. Even worse, it turns out the school deliberately “weeds out” scholarship kids by requiring them to get grades that are nearly impossible. Omar is devastated to find such odds stacked against him, but the injustice of it all motivates him to try to do something else that seems impossible: change a rigged system.
