

Womanofmonth

Charlotte Brooks

American Exodus Charlotte Brooks, 2019-08-27 In the first decades of the 20th century, almost half of the Chinese Americans born in the United States moved to China—a relocation they assumed would be permanent. At a time when people from around the world flocked to the United States, this little-noticed emigration belied America's image as a magnet for immigrants and a land of upward mobility for all. Fleeing racism, Chinese Americans who sought greater opportunities saw China, a tottering empire and then a struggling republic, as their promised land. *American Exodus* is the first book to explore this extraordinary migration of Chinese Americans. Their exodus shaped Sino-American relations, the development of key economic sectors in China, the character of social life in its coastal cities, debates about the meaning of culture and "modernity" there, and the U.S. government's approach to citizenship and expatriation in the interwar years. Spanning multiple fields, exploring numerous cities, and crisscrossing the Pacific Ocean, this book will appeal to anyone interested in Chinese history, international relations, immigration history, and Asian American studies.

The New York Times Index, 1948

Tested Newspaper Promotion Frank Warren Rucker, Bert Stolpe, 1960

United States Investor, 1962

Keep Out, Claudia! Ann M. Martin, 1992 Why don't the Lowells want Claudia to sit for them? Claudia becomes the target of prejudice when the Baby-Sitters Club takes on a new client who doesn't like Claudia because she's Japanese. A serious look at discrimination and how it affects teens.

New Jersey Music and Arts, 1957

Trusts and Estates, 1962 Includes proceedings and reports of conferences of various financial organizations.

Respekt! Dagmar Filter, Jana Reich, 2020-02-18 Anlässlich des 100. Jubiläums der Universität Hamburg widmet sich der umfangreiche Sammelband der Geschichte von Frauen und der Frauen- und Geschlechterforschung an der Universität Hamburg: Von den ersten Wissenschaftlerinnen und Studentinnen, über das erste Frauenseminar bis zu den heutigen Forschungsprojekten und Institutionen. Die Originaldokumente (Flugblätter, Plakate, Notizen, Briefe etc.), Interviews und Beiträge spiegeln die Rahmenbedingungen, Motivationen und Aktionen einzelner Akteurinnen und Gruppen mit Schwerpunkt ab den 1970/80er Jahren wider. Der Band zeigt auf, wie eng gesellschaftliche und wissenschaftliche Diskurse miteinander

verflochten sind.

The Book of Heroines Stephanie Drimmer,2016 Everybody needs a role model! Discover true stories of superstars, war heroes, world leaders, gusty gals, and everyday women who changed the world. From Sacagawea to Mother Teresa, Annie Oakley to Malala Yousafzai, these famous women hiked up their pants and petticoats and charged full-speed ahead to prove girls are just as tough as boys...maybe even tougher. Complete with amazing images and a fun design, this is the book that every kid with a goal, hope, or dream will want to own.

How to Go Steady Jacque Nodell,2018-03-07 How to Go Steady explores love, heartbreak, and wisdom from vintage romance comic book stories and advice columns. Romance comics were a genre of comic books that were incredibly popular in the postwar years. The first true romance title, Young Romance, was created by Joe Simon and Jack Kirby (the same creative team behind Captain America) in 1947. The genre exploded like wildfire and for years sold more copies than superhero titles. Romance comics contained stories of love and lots of heartbreak. In this history book meets how-to guide you'll learn all about dating according to romance comic books of the 1960s and 1970s. Chapters delve into how to meet potential dates, etiquette, coping with jealousy and heartbreak, meeting parents, sex, and of course, the do's and don'ts surrounding going steady. Not only will you learn everything from what to do with a borrowed hankie to how to make the first move, you'll learn how to develop the most attractive quality of all-the confidence to be yourself. Historical anecdotes and practical tips told in a fun and accessible way make How to Go Steady the perfect read for comic book fans and non-comic fans alike, as well as those looking for love.

Women Inventors Stephen Currie,Greenhaven Press,2001 Presents biographical sketches on five of the most influential American women inventors and describes their inventions, obstacles with which they were confronted, and their impact on American society.

A to Z of Women in Science and Math Lisa Yount,2007 From ancient times to the present day, scientifically inclined women in many cultures have had to battle against the traditional belief that men are more cognitively adept than women. At times throughout history, women were persecuted for their attempts to break down traditional gender barriers. Today, women scientists and mathematicians must continue to defend the quality of their work and demand the respect they deserve

in the mathematical and scientific communities. *A to Z of Women in Science and Math, Revised Edition* profiles 195 women who fought against these stereotypes throughout history and all over the world to forge new discoveries and theories that would eventually change the way we view science. This thoroughly revised book updates the story of each individual to the present day and features 38 new profiles. Among the profiles included are those of chemists, astronomers, geologists, environmental scientists, and a range of other professions and careers. In addition, new photographs have been added, and the bibliography has been updated. Subject indexes allow the reader to search by such professions as microbiology and paleontology. Additional subject indexes organize individuals by country of birth, country of major scientific activity, and year of birth.

Women Business Leaders Robert B. Pile, 1995 Profiles eight successful women entrepreneurs engaged in a variety of enterprises, including Mary Kay Ash, Marilyn Hamilton, Louise Woerner, Ellen Terry, Leeann Chin, Helen Boehm, Ella Musolino, and Masako Boissonnault.

25 Women Who Thought of It First Jill Sherman, 2019 Discover 25 women who were trailblazers in science, technology, architecture, engineering, and more. Learn about some of the women who defied expectations and introduced the world to new ideas and creations big and small.
