Healing Words Sylvia Rogers,2016 Sadly, sickness has become the norm for many Christians, who often lack knowledge of how the body functions, how emotions impact health, how thinking patterns affect health, and how to receive healing from the atonement of Christ. They spend thousands of dollars on health care and are often not truly healed or healthy. Many are looking for answers and are hungry for this information. Illness is not the will of God. Healing Words makes it clear that it is God's will to see His people living an abundant life, and it provides practical, specific steps to move in this direction. This book will teach people how to put the principles of healing to use. Each chapter on body systems will include: A description of the body system components and common challenges Chinese medicine insights and observations Proven and effective healing scriptures specific to various body systems Healing declarations and a sample prayer A foundation for learning about God's will to heal is included in the beginning so the reader can grow in knowledge and boldness in receiving what God has already provided.

Larry Dossey, M.D., offers remarkable evidence that, just as prayer can be used positively to affect health and healing, it can also be used for negative and destructive purposes. With fascinating true stories, case histories and scientific analysis, Dossey explores the nature of toxic prayer and teaches us how we can protect ourselves from its threatening influence.

**The Extraordinary Healing Power of Ordinary Things** Larry Dossey,2007-06-05 Every day modern medicine announces the arrival of yet another “wonder drug” or “miracle procedure” to a world increasingly wary of expensive high-tech cures. Drugs, transplants, and surgery don’t work for 90 percent of our aches and pains and, while we are grateful for life-saving developments, we know that most come with risks that we ignore at our peril. Long hailed as one of the founding fathers of mind-body medicine, Larry Dossey directs our attention to simple sources of healing that have been available for centuries—treasures often hidden in plain sight—from the power of optimism and of tears to speed recovery to the surprising usefulness of dirt and bugs in curing disease and infection to the benefits of doing nothing. Exploring the medical research that validates these simple remedies, Dossey encourages us to align ourselves with the wisdom of nature and allow true healing to take place. *The Extraordinary Healing Power of Ordinary Things* can transform our view of what health is all about, whether our concern is cancer or the common cold.

Testing Prayer Candy Gunther Brown,2012-05-14 In Candy Gunther Brown's view, science cannot prove prayer's healing power, but what scientists can and should do is study prayer's measurable effects on health. If prayer benefits, even indirectly, then more careful attention to prayer practices could impact global health, particularly in places without access to conventional medicine.

A wideranging and broad-based overview, it is essential reading for all involved in the healing ministry. 'Prayer for healing is so central to the gospel, ' writes MacNutt, 'that it should be an integral part of the life of every community of believers. My heart cries out to see it restored to the place it had in the early Christian church.

**God's Healing Words** Debbie Marrie,2011 This insightful little book provides you with what the Bible has to say about healing.

*The Healing Power of Prayer* Chester Tolson,Harold Koenig,2003-09-01 Prayer can heal you. It's not just hype or hope or a spiritual cliché. There is actual scientific evidence to support this. Recent medical and psychological studies claim that prayer can relieve stress, improve attitudes, and mend bodies. Prayer generates peace, power, and health-a triple preventative that guards against anxiety and disease. It's a simple act that heals. According to Chet Tolson and Harold Koenig prayer helps people function at their best when life serves them the worst. Even on good days, it enhances the mind-body-soul connection. In *The Healing Power of Prayer*, these authors explain the nature of prayer, what happens when we pray, the restorative benefits of prayer, how to organize prayer, and much more. Their facts and insights will encourage believers to increase, the fainthearted to revive, and skeptics to begin a life of prayer.
